Describe sometime in your life that was the “luckiest time in your life”?

In your own words define “luck”. What are some similar words?

Tonight we are going to start answering a **fundamental question** we all ask at some point in time.

It isn’t:

Does **God exist?**

But instead

If God **exist** why don’t I **see** Him?

Answers to the question at hand:

- God **doesn’t** exist.
- God **does** exist but is **not involved**.
- God **does** exist, **does work**, and cares about people.

The Answers according to the Bible:

**Romans 1.14-32**

- God exists
- All creation shows him
- We miss it.

**Romans 8.28-39 and Ephesians 1.11-14**

- God is in control
- God works in our life

All this happens because of **John 3.16-17**

- God cares about us.
- God wants to be in relationship with us.

“Earth with her thousand voices, praises God.” -Samuel Taylor Coleridge
