STEP 3: A box will pop up and you will select your bank. If you do not wish to enter your bank account ID and password, click the “X” at the top right corner. Do not exit. Instead, select “Link with account number” at the very bottom.

STEP 4: The next screen allows you to enter your bank account information without the username and password. It will deposit two small amounts into your bank account. Those will eventually come back out. It’s a 3-4 day process the first time due to verification.

STEP 5: Enter the information it asks you, including your routing number and account number. These are both found at the bottom of your checks or by logging in separately to your bank.

Plaid will make two deposits, \$0.99 or less, into the account you confirmed in the next few days.

Then, we'll withdraw what we deposited. To avoid bank fees, make sure you have at least \$1.98 in your account.

By providing your account and routing number and clicking "Authorize" you allow Plaid to initiate these micro-deposits and offsetting debit(s)
